

A-Z Guide Of Apprenticeships & Traineeships

A person wearing an orange uniform and safety glasses is shown in profile, looking upwards and to the right. They are holding a blue clipboard with a white sheet of paper and a red pen, appearing to be taking notes. The background is a white wall with several electrical control panels, each featuring a large green button. Some panels also have smaller colored buttons (blue, yellow, red) and switches. The overall scene suggests a technical or industrial environment.

Frequently Asked Questions

Q: CAN YOU EXPLAIN THE DIFFERENCE BETWEEN AN APPRENTICESHIP AND A TRAINEESHIP?

A: An apprenticeship usually relates to a trade, eg electrician, hairdresser, chef, plumber or carpenter etc. A traineeship generally relates to industries that don't need a trade certificate, for eg business, retail, hospitality and more.

Q: HOW LONG WILL IT TAKE?

A: Full time apprenticeships will take between 36 to 60 months, depending on the apprentice and how quickly they complete the competencies. An apprentice will undertake qualifications from Cert Level III to Advanced Diploma. Full time traineeships will take between 12 and 24 months, undertaking qualifications from Cert Level II to Advanced Diploma. Recognition of prior learning, on the job learning and formal or informal experience can all contribute towards competency and completion of the certification.

Q: WHAT IS THE ELIGIBILITY CRITERIA FOR AN APPRENTICESHIP OR TRAINEESHIP?

A: Apprenticeships or traineeships are available to anyone of working age who are Australian Citizens or permanent residents, NZ passports holders or holder of a visa which allows them to work in Australia. You don't need a secondary school certificate or other qualification to be able to do an Australian apprenticeship.

You can do an Australian apprenticeship or traineeship if you're a school leaver, re-entering the workforce or as an adult worker simply wishing to change careers or gain new skills. You can even begin your Australian apprenticeship while you're still at school finishing Years 11 and 12. You will need to be

an Australian citizen or hold a New Zealand passport or a visa that allows you to engage in work in Australia.

Q: WHAT ARE THE COSTS INVOLVED AND WHO COVERS THESE?

A: The cost of training is varied amongst qualifications and may be subsidised by the Queensland Government or businesses may be required to pay for the training on a fee-for-service basis. You can talk to a BUSY At Work consultant about the costs and any financial incentives available to assist businesses with the costs or the student with tuition fees.

Q: WHAT TRAINING PROVIDER DO I CHOOSE?

A: There are many training providers to choose from including public providers (TAFE) or private Registered Training Organisations (RTOs). Some qualifications offered by RTOs are government funded or subsidised whilst other qualifications are offered on a fee-for service basis. Choosing a RTO is an important step and BUSY At Work can assist you with a list of RTOs that offer the qualifications you require.

Training providers develop, deliver and assess the training plan and will issue the qualification once completed.

Q: WILL I REQUIRE A UNIQUE STUDENT IDENTIFIER (USI) AND WHAT IS THAT?

A: Anyone undertaking an apprenticeship or traineeship will need to have a USI. This enables them to receive their Certificate of Attainment or trade qualification. For more information, or to apply for a USI, visit www.usi.gov.au.
