

Are you a bit of a 'tech-head?'

Want to make a career out of your love for computers and phones? Join our course and develop specific skill-sets to enter into a technology career.

You will undertake various units to develop your skills and knowledge of technology workplaces. In addition you'll be linked to employers for work experience with the aim to move into employment after the course.

WHAT DO I GET?

- Workplace and Vocational Skills for Information Technology roles
- Learning units that focus on building PC's and managing software, along with valuable industry-specific workplace communication skills
- Learn how to replace critical mobile phone components such as a screen or battery
- Connection to employers and work experience opportunities
- Industry specific mentoring and career advice

WHO CAN JOIN THE PROGRAM?

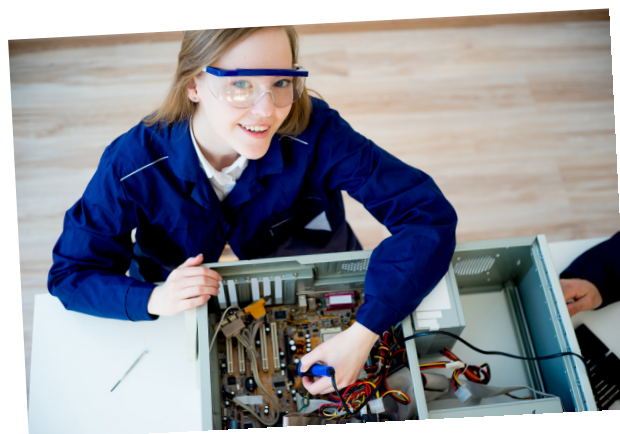

- Unemployed
- Australian Citizen, Australian Permanent resident, New Zealander or a temporary resident with the necessary visa and work permits on a pathway to permanent residency
- Queensland Residents aged 15+ and not at school
- Call or email to confirm eligibility

STARTING DATES

1st August 2022, Brisbane

6 week course, 3 days per week
