BUSY At Work
The APPRENTICESHIP Community

AUSTRALIAN APPRENTICESHIP SUPPORT SERVICES
An Australian Government Initiative

FACT SHEET:
SPECIALIST APPRENTICESHIP SUPPORT SERVICES

At BUSY At Work, we deliver Specialist Support services to Women in Trades, First Nations Apprentices and Clean Energy Apprentices. You will benefit from a comprehensive and individualised suite of support services to empower you to succeed!

BUSY At Work – BUSY Sisters
For Women in Male Dominated Trades

BUSY At Work's BUSY Sisters program bridges the gap between businesses and skilled female apprentices in male-dominated trades. Our program offers mentorship and support to both apprentices and employers, fostering successful completions, industry skills - and building diverse and thriving workforces.

The initiative provides a mentor for the first six months in your new role. Our mentors have already worked in male dominated trades and have the understanding, experience and knowledge to support female apprentices to succeed in male dominated trades.

BUSY Sisters is delivered across Queensland, Tasmania and Perth & Surrounds

BUSY At Work – B Green
Skills for the growing Clean Energy industry

BUSY at Work's B Green program offers a comprehensive support system for both apprentices and clean energy businesses. We're passionate about creating a skilled workforce that drives the state's transition to a net-zero economy. For employers we provide support to help you build a team of enthusiastic and skilled clean energy professionals, minimising administration for your apprentice sign-ups and upskilling your team with the latest technologies and practices.

For apprentices we provide regular clean energy sector orientation information and mentoring for the first six months to ensure apprentices stay on track to complete their qualification and succeed in their careers.

BUSY At Work's B Green program is delivered across New South Wales, Queensland and Tasmania.

BUSY At Work – Together
Empowering First Nations Career Pathways

BUSY At Work offers tailored support services to help First Nations people gain skills and qualifications through an Australian Apprenticeship. With specialised, culturally sensitive supports to keep apprentices moving forward, BUSY helps First Nations apprentices to see what's possible and empowers them to achieve it.

For employers, we can tailor an apprenticeship program to your specific needs, provide cultural sensitivity training and support both your apprentices and your business to build skills and a more diverse and inclusive workplace.

BUSY At Work is a specialist provider of apprenticeship support services for First Nations people in New South Wales and Queensland (partnering with Five Bridges).

For more information on our Specialist Support Services visit www.busyatwork.com.au, email apprenticeships@busyatwork.com.au or call 13 28 79.
